TELEPHONE CIRCLE 2720

Wednesday March 27-1929-

Dear Mr. Wood-

I would be very glad if it were possible for me to see you - but in case I do not, wish you would some time give me a little history of the "Keath Medal"

I have two, both alike - But a member of the Detroit Club says that he also has two - one considerably thicker than the other - and his asking me, causes me to write you - There is no hurry on this matter -

I am apt to be here all next week - But evenings are all I will have to spare as I have some "hurry up" work to take care of during the day. Naturally, I assume that the Society Building is not open at all during evening hours - Is it open Sunday? Would call you by phone - if you will leave a number here at the Hotel for me to call - and when - I am in #321 where

Park - Mich. - when I'm home -

Kind regards to Mrs. Wood, I am

Very truly yours -

Donald R. Heath -

29th March, 1929

Mr. Donald R. Heath,  
Hotel Cumberland,  
New York City

Dear Donald:

My memory is very vague concerning the Heath medal. As a matter of fact, I did not have anything to do with its manufacture. This was done by Whitehead and Hoag Company. I am inclined to think that Farran Zerbe knows more about this than any one. He is now at the Chase National Bank, Lexington Avenue and 43d Street, New York City. I did not know that any restrikes were made; that is, strikings at two different periods. It is very possible that when the medal was made, some may have been struck on thinner planchets than others.

I will not be here at all next week as I am going to Boston. The building is not open evenings, and although it is open Sunday afternoons, I am never here then. Our telephone number is Wadsworth 7735, and my home telephone is Flushing 0295-J.

Very truly yours,
